What swim skills would you or the student like to accomplish and/or work on this summer? _____

Swim Smart teaches progressive swim skills at every skill level with emphasis on safety skills. The classes are grouped by age and the small class size allows us the opportunity to work with each child on his/her skill level. The students will be encouraged, motivated and learn as they watch each other practice the skills being introduced. Every class, no matter what age group will start with the basics and progressively work up to the more advanced swim skills. Keep in mind each child is different and will master the introduced skills at his/ her own pace according to his/her age, comfort level, developmental stage, co-ordination and motivation.
